A FOREST, AT LAST LIGHT

BEFORE YOU BEGIN

Three things no other spa in Kakkanad does.

01 We ask before you arrive

Three short questions on WhatsApp, the day before — what hurts, what you're hoping for, what to avoid.

02 Your therapist is ready

No clipboard at the door. The session starts the moment you lie down.

03 We follow up the same day

A note that evening: what was worked, what to carry forward, when to come back.

Every price on these pages is the full price. Every treatment room has its own private bath.

GOOD TO KNOW

A few small things *that make it better.*

- **Arrive ten minutes early**
Let the day settle before the session does.
- **Female therapist on request**
Just say so when you book. Women-safe, always.
- **Tell us everything**
Injuries, pregnancy, blood pressure, a bad night's sleep — it all changes how we work.
- **Pressure is a conversation**
Too much, too little — say it. The right pressure is the one you'd ask for again.
- **Phones rest too**
Silent, please. The quiet is part of the treatment.

Open every day until **9:30 PM** — late enough for after work.
